Additional Backup Information				

This project is part of the 2006 Bond Street Reconstruction Program and is located on and along 8th Street from West Avenue to Congress Avenue. Work includes full depth street reconstruction, storm drainage improvements, streetscape improvements including planting and benches, 2,020 linear feet of 6-inch and 8-inch water line, 1,570 linear feet of 6-inch and 8-inch wastewater line, six fire hydrants, and sidewalk repair. This project is scheduled to be substantially complete in April 2014. Public communication to the affected areas has been continuous and is achieved through a combination of emails, mailings and a website.

This additional authorization is requested to fund additional work associated with changed field conditions, address unforeseen utility conflicts, increase quantities of existing items of work, and perform additional work requested by sponsors, outside agencies, and private developers. The outside agencies and private developers will reimburse the City for this work. Including this work in the current construction contract minimizes future construction inconvenience to the public by completing all necessary work now, as well as protects the new infrastructure from damage resulting from future construction.

DeNucci Constructors, LLC, is located in Austin, Texas.
